KS-7500 Series

You want a high-end POS terminal with great performance, but premium performance usually costs premium price. Despair no more!

Introducing the newest member of the Posiflex high end family – KS-7500 Series!

Like the Posiflex flagship KS-7700 Series, KS-7500 Series takes advantage of the Intel Sandy Bridge platform, but with the more economical yet powerful Intel B81X and B950 CPU. It also features a new curvier look that adds a little spice to otherwise elegant looking KS Series exterior. Coupling with Posiflex's patented Fanfree design, it assures faster transaction, quieter operation, maximum uptime and minimum maintenance. And most importantly, lower total cost of ownership!

KS-7500 Series offers premium performance without breaking you bank account, making it the best valued high end solution in the market.
