1 ELEMENT SSK-P 21.5" OR 27" ALL-IN-ONE WINDOWS OR ANDROID SELF SERVICE KIOSK

The Element SSK-P series is a dedicated Self Service Kiosk solution designed to improve client interaction while increasing service efficiency. With its elegant design including all-in-one touchscreen and CPU, the radiant aluminium frame and tempered glass, the SSK-P is a stylish kiosk solution suitable for any environment.

The SSK-P series offers both a 21.5" and 27" screen options and the choice of Android or Windows (i3 or i5) operating system, including multiple I/O ports to suit your optional peripheral requirements. The SSK-P fascia can be fully customised to suit the branding and colour scheme of each retailer.

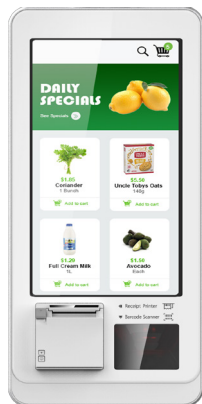

Optional 2D scanners from Zebra or Datalogic can be added to ensure a quick scanning kiosk experience, and optional accessories like tri-coloured lights and payment terminal mounting options complete a total kiosk solution.

Modular mounts suited to a variety of applications, such as Grocery, QSR, or any self-service application, are at the heart of the Element SSK-P series' overall platform approach. Various mounting options enable the all-in-one touch screen to be mounted via a wall mount, counter stand, back-to-back floor mount or offer a full grocery specific stainless steel packing trays with inbuilt security weigh scales.

The versatility of the SSK-P Series will enable any retailer to provide 'point of service' for delivering information, assistance and sales transactions wherever they need to engage the customer.

ELEMENT SSK-P2

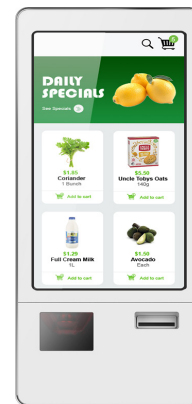

The SSK-P2 unit is designed with a forward facing printer slot to suit the Epson M30II to allow ease of access and reload of paper in attended kiosk applications.

ABOUT ELEMENT

Element is a technology provider specialising in systems that enable customer service and engagement.

We design and build devices that are used by customers and with customers, wherever they need service. Our mission is to help our clients engage with their customers to increase trust, convenience and loyalty.

We provide 'point of service' devices - for delivering information, assistance and sales transactions wherever the customer needs them.

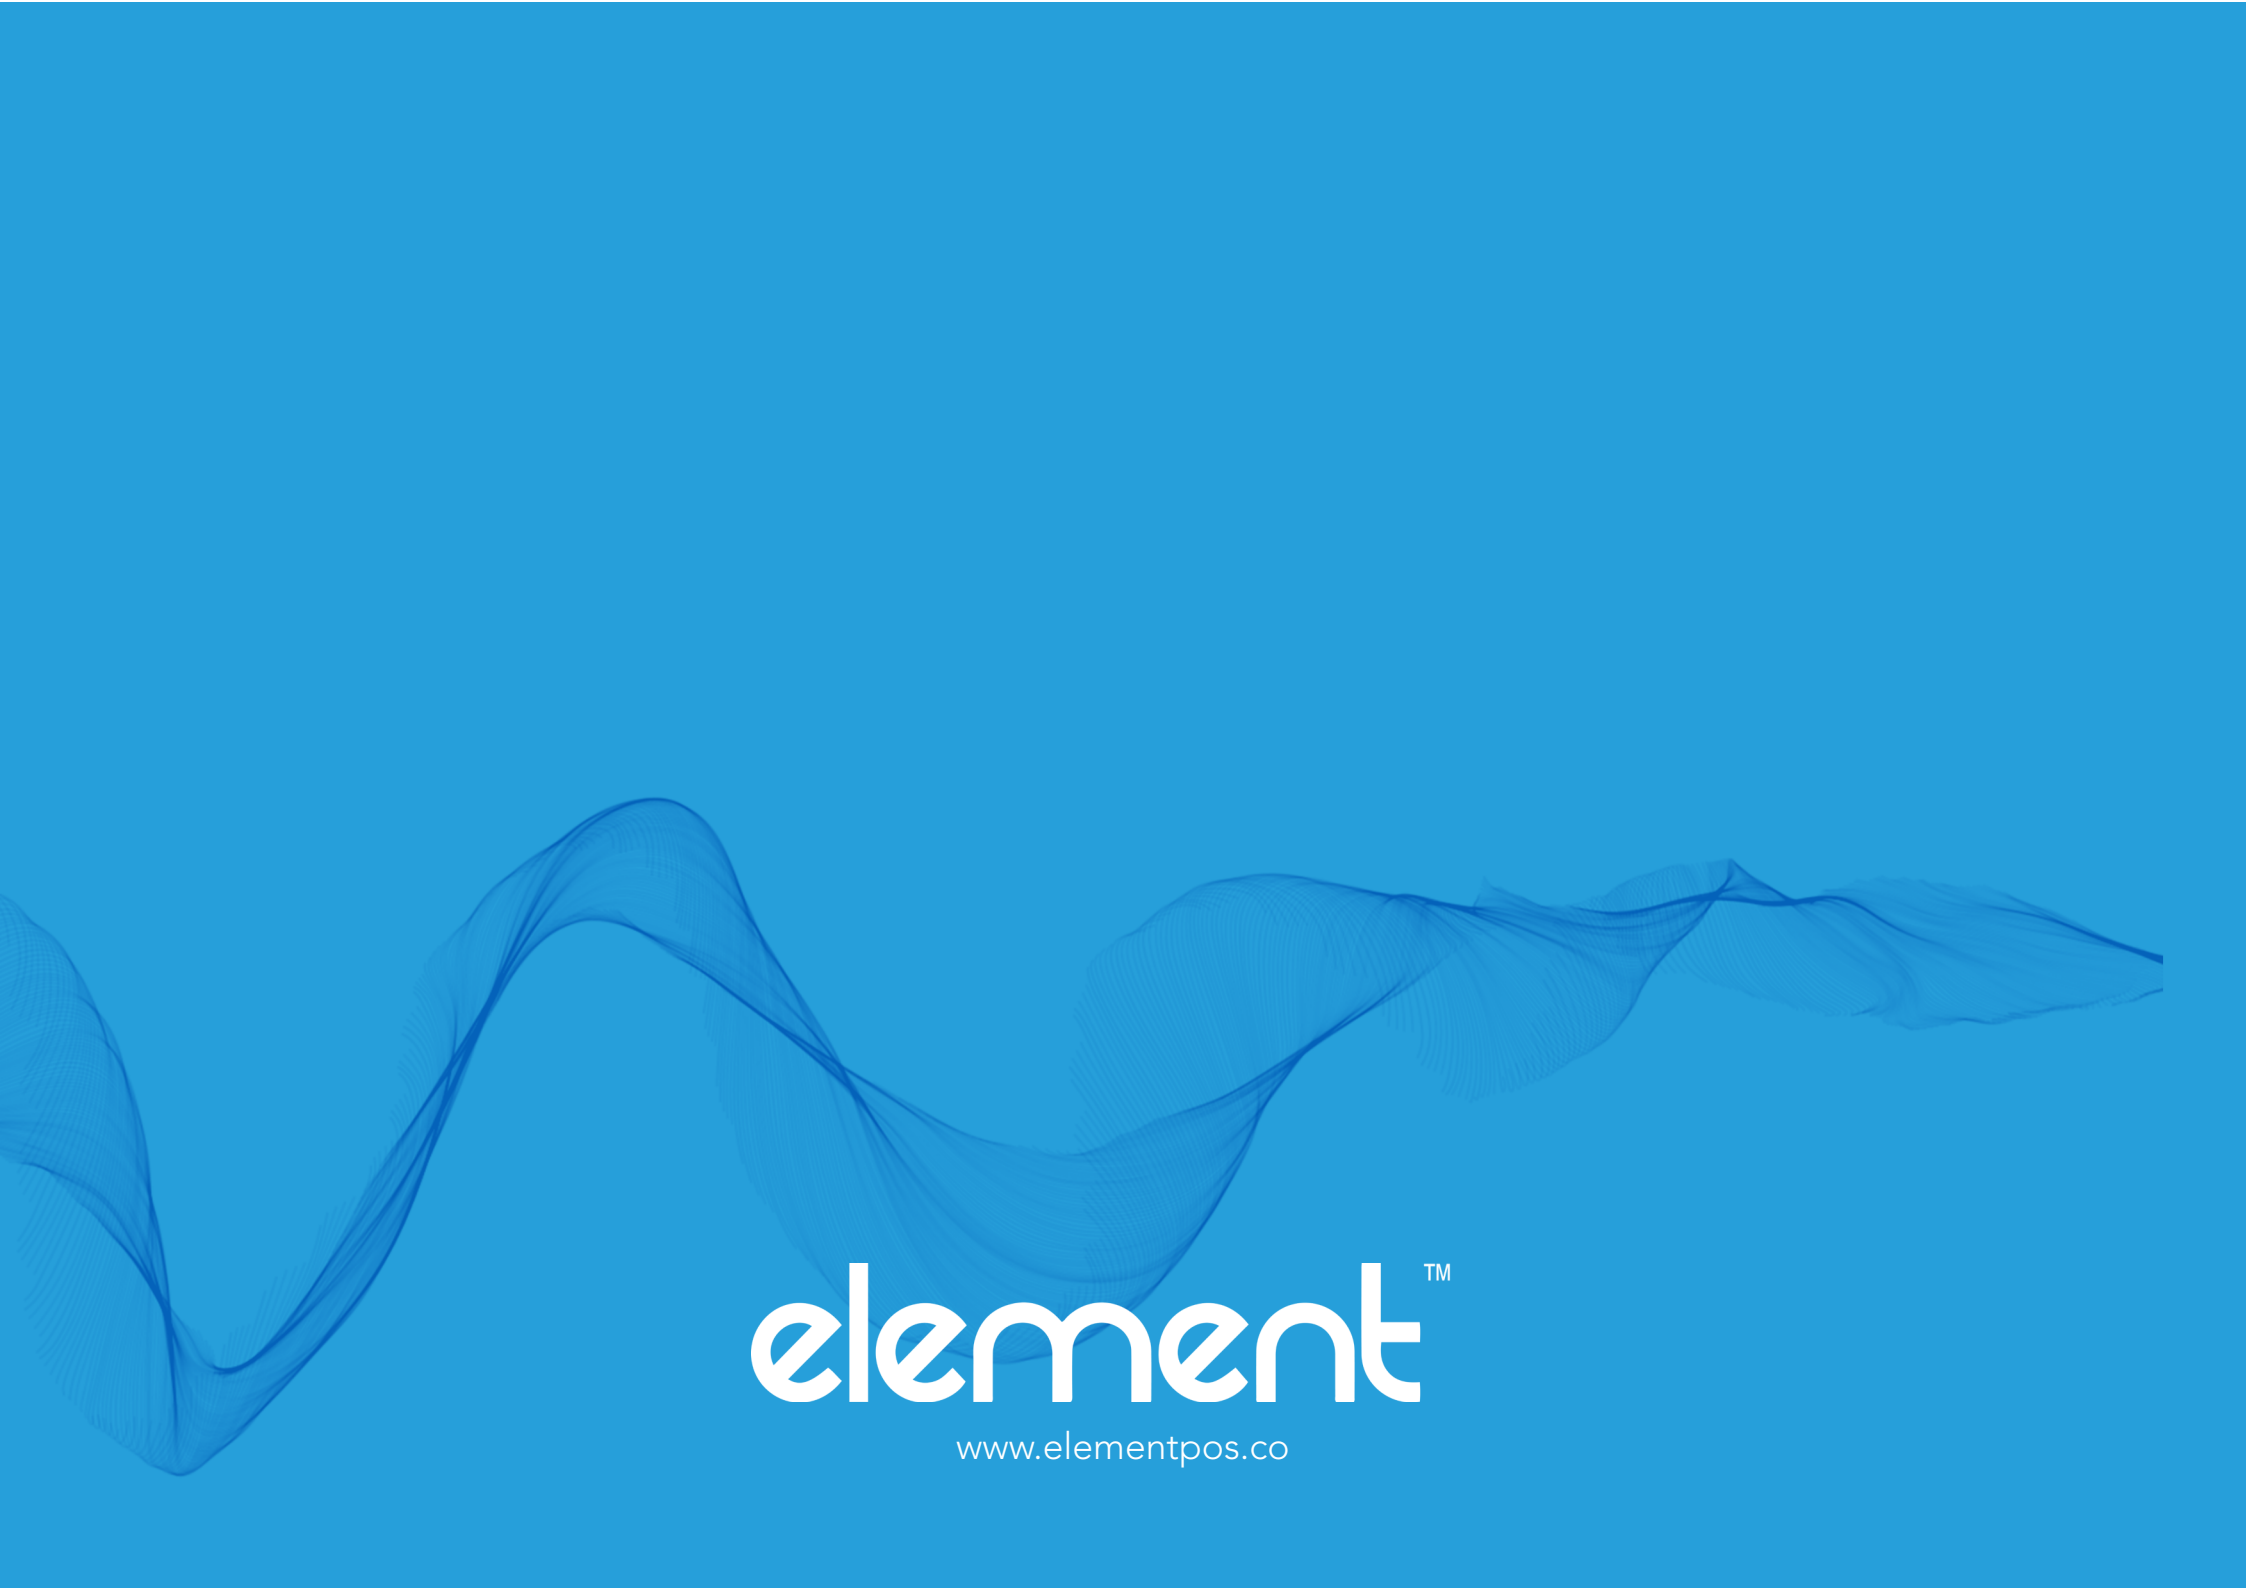

Our range includes:

- » Point of Sale Systems
- » Kiosks
- » Mobile Devices
- » Digital Displays

All our products are designed by experts with in-depth experience of how they will be used, and the demands that will be placed on them. That's what makes Element products tough, resilient, designed for purpose, ergonomics and style.

Element products are for retailers, QSRs, cinemas, shopping centres, event venues and healthcare providers who want to take customer service to the next level. Our range is available exclusively through Sektor distribution in Australia, New Zealand, Malaysia and Thailand.

Element takes service to the customer, wherever they need it, through **DESIGN, QUALITY AND PURPOSE.**
