

## PAPER ROLLS

RECEIPTS THAT SUIT  
YOUR APPLICATION!

## calibor

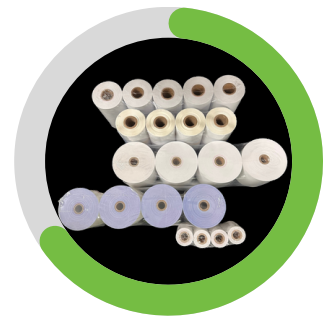

The Calibor range of high quality receipt paper rolls suits most Point of Sale (POS) receipt printers, dot matrix kitchen printers, cash registers, EFTPOS terminals & mobile printers, ATM's and kiosks. With a wide range of thermal, bond, 2 ply, 3 ply and customised options available; there's a Calibor roll to suit your transaction printing requirements.

### General Receipt Paper Rolls

For general receipt printing purposes, Calibor offers high grade thermal and bond receipt paper ensuring image quality and durability. Calibor offer:

Most rolls available in boxes of 24 or 50.

Some rolls are shrinkwrapped in multiples for easier split selling.

Supplied on strengthened cardboard cores.

Smooth paper surfaces from using Premium quality paper stocks.

## Customised Receipt Paper Rolls

Want your paper rolls to stand out or be "branded"?

Using the same quality high-grade thermal and bond receipt stocks, Calibor can offer (subject to longer leads times and production MOQs):

- Coloured thermal rolls (in pastel Yellow, Green, Pink or Blue).
- Pre-printed reverse side of rolls in single or full colour (ideal for targeted promotions).
- Pre-printed water marks on the front side of rolls.
- Branded outer cartons in white or brown cardboard printed with black or colour text (Barcodes, QR codes, web links, Re-ordering details, company logos, etc).

WHERE

TO BUY?
